

Make your own Weather-Caster:

First: In the circle below, draw a picture of different kinds of weather you like.

Second: Finish the sentences so you can talk about the weather.

Third: Cut out all the circles.

Four: Glue the paper circles with the lines together.

Fifth: Cut out the dotted line (- - - -) on the cover circle.

cut

Finally: Put the cover circle over the glue circles.

Push the fastener through the center.

Now you are ready to tell what the weather is like. Put it near your door and change it before you go outside. Practice talking about the weather with your family and friends.
